

ABOUT THE SPRINGS ART GALLERY (SAG)

The Springs Art Gallery is the only civic gallery in the City of Ekurhuleni. SAG has a wonderful 80sq-m exhibition space through which it offers two types of exhibitions: internal and external. The gallery showcases emerging artists, alongside national established artists that work in all art mediums. We especially welcome proposals from members of marginalised communities in South Africa, whose voices are often ignored in traditional arts establishments. We want to provide them with a space to share their message and help transform the City of Ekurhuleni, and Springs into a more inclusive and welcoming destination.
